“SHARING”

Some people think I don't like sharing, but that isn't true at all. I love sharing. I mean, what's not to love about being able to go up to someone and say, “Hey, can I have some of that candy?” And then they give you some! Or, “Can I ride your bike for a while?” And then you get to ride their bike! Sharing is awesome. Sometimes you have to be careful, though. Like if someone comes up to me and says, “Can I have one of your cookies?” Well, if I gave them a cookie, then I might not have any cookies left to share with other people and that would be, like, the opposite of sharing. So I have to say no. Because sharing is really important.

"Mind Trick"

Sometimes I feel like I'm not normal...what is normal anyway, right? I guess, like everyone else. I get stupid thoughts sometimes. I keep them to myself because I don't want anyone thinking I'm a weirdo. I wonder if everyone gets strange thoughts but just don't want to admit it. I think we all get strange thoughts. You want to know what kind of thoughts I get? Well, I can't tell you cause, it's too embarrassing. It is. I just can't. I mean, you ever have a thought where your mind just wanders off into some unknown world and it captivates you for a minute or two and suddenly you snap out of it because you realize that it's a messed up thought? That's as far as I want to go with it, with what I'm telling you cause it makes me feel funny discussing this but do you, honestly; do you ever—does your mind ever play tricks on you?

“The Big Bad Wolf”

Man, you accidentally knock down some pig's house with a sneeze and they start telling stories about you. And now there's this little girl and her red hood. Who knows what they'll say about this one. I have self-a-team issues too. Everyone is always going around saying "what a big nose you have" and "what big teeth you have." It hurts. I just want to go away some place where I won't bother anyone. They're always promising happy endings but where's my happy ending? All that happily ever after seems to be reserved for princesses and cute little animals. Especially bunnies. Why are rabbits always getting happy endings? They're rodents, I tell you. Rodents!
